

STATE BOARD OF COSMETOLOGY EXAMINERS

MANICURIST SALON SANITARY RULES

1. A cosmetologist or manicurist shall at all times, while serving a customer, wear a clean, washable outer garment, pursuant to 820 IAC 3-1-8(b).

A cosmetologist or manicurist shall:
 2. (a) Wash hands with germicidal soap and fresh water immediately before serving each customer, pursuant to 820 IAC 3-1-15(c)(1).
 - (b) Assure that the table where a customer is receiving manicuring services has been cleaned with an antiseptic, pursuant to 820 IAC 3-1-15(c)(2).
 - (c) Use a clean towel for each customer, pursuant to 820 IAC 3-1-15(c)(3).
 - (d) Clean the foot bath and foot paddle with soap, water and alcohol after each use, pursuant to 820 IAC 3-1-15(c)(4).
 - (e) Clean the hot mitten liners with soap and water after each use, pursuant to 820 IAC 3-1-15(c)(5).
 - (f) Clean the manicure bowl with soap, water and alcohol after each use, pursuant to 820 IAC 3-1-15(c)(6).
 - (g) Use ventilation while using chemicals, pursuant to 820 IAC 3-1-15(c)(7).
3. All instruments used by a cosmetologist or manicurist shall be sterilized prior to use on a customer, pursuant to 820 IAC 3-1-15(a).
4. Sterilization shall be as follows:
 - (a) Before putting into a sterilizer, instruments shall be precleaned using a clean cottonball moistened with a low residue detergent and cool water or a solution having at least seventy percent (70%) alcohol, pursuant to 820 IAC 3-1-15(b)(1).
 - (b) After cleaning, instruments shall be rinsed thoroughly and dried, pursuant to 820 IAC 3-1-15(b)(2).
 - (c) Sterilization shall be accomplished by means of wet sterilizer, according to manufacturer's specifications, pursuant to 820 IAC 3-1-15(b)(3).

RULES SHALL BE POSTED IN A CONSPICUOUS PLACE IN SALON.
